MEDICAL CERTIFICATE

I hereby certify that Dr. Amit Gupta was a visitor at the department of Plastic and Reconstructive Surgery at the Gent University Hospital from June 2 till June 7, 2008. During this period he was an observer in our clinic. He was able to observe different types of reconstructive surgery, microsurgery and aesthetic surgery. It was a pleasure to have Dr. Amit Gupta with us.

Very sincerely,

September 24, 2008.

Dear Sirs:

This will confirm that **Amit Gupta** from New Delhi – India, participated in a Breast Cancer Orientation Course at Reconstructive Surgery Center in Porto Alegre – Brazil. This course ran from August 26th through the September 24th. This was a comprehensive breast cancer course that covered all aspects of breast cancer prevention, genetics, diagnosis and treatment. He participated fully in discussions and a very productive exchange of ideas ensued. We have explored a number of areas in which future collaborative efforts might be productive.

This orientation course included not only didactic lecture series, but also case presentations with discussion of controversial management scenarios.

It was our greatest pleasure to host him and we look forward to future collaboration with him. If I could provide any additional information, please do not hesitate to contact me.
Warmest personal regards.

Sincerely,

Sirlei dos Santos Costa
Chief, Reconstructive Surgery Center
Hospital Moinhos de Vento – Porto Alegre – Brasil
